### 3. Valuation of Assets

MMJ values its cannabis investments by applying the following principles:

- Listed securities – the book value is based on the closing share prices for public companies at period end converted into Australian dollars at the relevant prevailing foreign exchange rates.
- Unlisted securities - The book value is based on the most recent material funding round share prices for private companies converted into Australian dollars at the relevant prevailing foreign exchange rates. MMJ also takes in to account the recommendations of its asset manager, Embark Ventures, where it is considered that the fair value should be less than recent capital raisings due to outlook for the individual business.

The book values also include the unrealised gain arising from valuation of unlisted warrants using the Black-Scholes pricing model. The Black-Scholes attributes a value to warrants which may be “out of the money” at month end. The Black Scholes model is commonly used to determine the fair price or theoretical value for a call, or a put option based on six variables such as volatility, type of option, underlying stock price, time to expiry, strike price, and risk-free rate. The warrant valuation ascribed through Black Scholes assumes that the warrant is exercised on the expiry date of the warrant which may not be the actual outcome e.g. MMJ decides to exercise the warrant prior to expiry.

<sup>2</sup> MMJ sold the balance of its shares in FAF during January 2020

The Net Asset Value or NAV is calculated after deducting a provision for company tax on any net unrealised gains that may arise on such a theoretical disposal.

MMJ does not hedge the carrying value of existing investments denominated in non-AUD currencies.

MMJ's financial statements are subject to statutory audit or review by our independent auditor BDO Audit (WA) Pty Ltd, at 31 December and 30 June each year.

**Note:**

- a) *All information within this release is unaudited unless stated otherwise.*
- b) *The book value includes shares, convertible notes, options and unlisted warrants.*
